As i read your letters something chokes me
You wrote so often, that you love me
You wished i never should fall in love again
These wishes are all i have

But I hang on your wishes and fall
Into your maybe
That maybe you once come back
Live will change and you'll disappear

Calm and free she gets further away
Violent dreams like and undenied truth

Most beautiful days are now denied
The veil of time has descended in our love
Why is it worn out
What do i have without you

I tried everything but these tears
Are still shed and yours with mine
Time to come should be with you
No way being a part of you

Calm and free she gets further away
Violent dreams like and undenied truth
