"Sweet Toffee"

Visit "[Sweet Toffee](#)" on MotoLyrics.com

Toffy sweet and tight
We sit under my sunblind
There's no argues and fight
Just straw hats and delight

Take a header into the sea
'Come with me' and enjoy
The colours red and burning
Deep blue and mysterious

Alegria in your eyes
I offer my love and feel so high
Sun burns the sky is bright
A walk on air all day and all night

Keep your smile, clear the decks
Set the sails, leave for a seaside dream
I lay back, close my eyes
Take a bath that bliss beats everything

It's a pleasure to 'be with you'
Your're what my heart desires
Wish all my days to be
So free and so near to you
