"Walk On By"

Up and down
The weather's high - I smile
High and low
The seabirds fly into the sky

Your sweet words
Sound like music in the air
Play on my heart
Cruise my mind are everywhere

O amor em paz, brasileiro, brasileiro

Up and down
The weather's high - I smile
High and low
The seabirds fly into the sky
All day long
Nothing to do - Just hang around
At your side
The fishes smile and kiss the ground

O amor em paz, brasileiro, brasileiro

So clear the sky so sweet and warm
Your quiet moves treat for the eyes
Walk on by
