The sky is dark and black as ink
I wanna know girl what you think
You turn me on real good
Better than I thought you could

Chorus:

We're gonna breakout tonight
Breakout tonight
Breakout tonight
Yeah, Yeah, Yeah

Now if'n you don't wanna go
You better tell me no oh oh
You turn me on real good
Better than I thought you could

(Chorus)

Don't answer baby don't answer now
Girl when you're ready I'll show you how

I got a car so fast it smokes
She gotta cool little stroke
Night is right for love
You know what I'm thinkin' of.

(Chorus)
