A new girl checked into my school
I don't care I'm playin' it cool
Every one I had
Turned out so bad
Ooh when she spoke
I knew my heart was broke
Out in the street
Murdered at your feet

Chorus:

Victim
Victim
I'm a victim of romance

Homeroom study hall
I knew that I was gonna fall
Late at night I weep

Mumble in my sleep
Yeah knock on wood
Say I never felt this good
Heaven above
It must be love

(Chorus)

Cold blooded felony
Murder in the first degree
It's a crime
What she done to my spine
Yeah knock on wood
Say I never felt so good
Look out kid
That's what she did

(Chorus)
