Blackness Surrounds Me
With The Eyes Of Dead It Stares At Me
Its Dark Claws Reach For Me
My Body Struggles Against
But My Evil Soul Will Go With It
But I Am Still Strong Enough
To Hold It
My Mind Is Strong
A Northern Breeze Breathes At Me
With it's Icy Wings
It Want To Kidnap Me
But My Body Fights Against It
Only My Dark Soul Wants To Go With It
On A Journey Through Shady Countries
An All - Devouring Fire Surrounds Me
Its Flames Want To Embrace Me
But My Body Objects
Only My Dark Soul Is Prepared
To Unite With The Eternal Fire
Demons Come And Flatter Me
They Want To Take Me
Into The Empire Of The Eternal Darkness
With Sweet Words They Try To Persuade Me
My Mind And My Body Don't Want To Permit
But My Evil Soul Wants To Go With Them
It Has Become Stronger Than Before
Slowly It Escapes From My Body
Slowly The Life Fades Away With It
Fades Away From My Body
It Goes On A Journey
Through Shady Countries
Into The Empire Of The Eternal Darkness
