

## Moonlight Agony

### "Natural Silence"

Visit "[Natural Silence](#)" on MotoLyrics.com

I know you feel it's much too much for you  
The days are over and it's up to you  
And it seems so rare...

I know it's more than what you thought before  
You had it once again and now you want it more  
And it seems so rare...

I know you feel that there is nothing you can do  
The day's beginning and it's up to you  
But i can't make you care...

I know it's more than what you're thinking now  
The only limit is how much you allow  
And it seems so... so rare

So let's go, I wanna walk on air  
They say it isn't possible but I just don't care  
Let's move, let's get out of here  
Leave this place behind us and just disappear  
Let's fly, take it to the sky  
Hold onto the other and we'll reach so high  
Let's go and we will reach our dreams  
Forget those around us who would intervene

I don't know why you're paranoid  
I just know how we got this far...

So let's go, let's dispel our fears  
They said it wasn't possible but i'm finally here  
Let's move, wipe away those tears  
We'll leave this pain beside us and we'll disappear  
Let's fly, take it to the sky  
Hold onto the other and we'll reach so high  
Let's go and we will reach our dreams  
This light is all around us and i finally see  
So let's go...
