Verse One

I'm Gonna Read Aloud Familiar Words
And Listen For The Truth That I Never Have Heard
I'm Gonna Open Up To Possibilities
I Won't Be Afraid Of Where They Are Leading Me

I've Grown Tired
Of The End
Being Justified
By Things That I Pretend
Are Worth The Price
I Have Payed
That Are Costing Me Today

Chorus

It's Not Just The End
Or Where We Begin
It Is In The In Betweens
Slowing Down
Learning How
To Find The Life In Moments Like These

Verse Two

Gonna Get The Phone And Make The Call
And Say The Words I Have Been Putting Off
I'll Visit My Enemies
And Offer Them The Love That Was Givin To Me

I Believe That Jesus Died
So That We Would Have Eternal Life
Not Only Beyond The Grave
But Eternity Today.

Chorus

It's Not Just The End
Or Where We Begin
It Is In The In Betweens
Slowing Down
Learning How
To Find The Life In Moments Like These

Chorus
It's Not Just The End
Or Where We Begin
It Is In The In Betweens
Slowing Down
Learning How
Finding Life In Moments Like These

Chorus
It's Not Just The End
Or Where We Begin
It Is Only In The In Betweens
Slowing Down
Learning How
To Find The Life In Moments Like These

So Before This Day Ends
And Another Begins
I Will Live In The In Betweens
Slowing Down
Learning How
To Find Life In Between.
