Everyday it's getting tougher to take that torturing pain  
The sweet memories of the past lead me to the end  
Knocked down by A game from the first day you watch  
me dyin  
That's not me in the mirror in the dark  
That's my end. Ã½ know that's the end Ã½ know that's  
the eeend

I miss my past and fear my end  
And Ã½'ll do so till the end  
I miss my past and taste the pain  
And Ã½'ll do so at the end

Day from day Ã½ decay faster you can't know how it  
feels  
Sitting up in bad at night Ã½'m too tired for A sleep  
This fear rips my heart apart but Ã½ don't know why  
Ã½'m cryin  
There's nothing left to do and Ã½ think Ã½ can't go on.  
I can't go on. Ã½ know Ã½ can't go on Ã½ know can't  
go ooon...
