Do you know what it's like to live in hell,
Yes I do I know real well,
Drugs and shootings and stabbings too,
If you blink there gonna kill you

I hate this town, hope it burns to the ground,
I hate my town, lets burn it down
I hope I don't have to live here long,
This is why I wrote this song,
The people here are fucking dumb,
A bunch of crack heads whores and bumbs

I hate this town, hope it burns to the ground,
I hate my town, lets burn it down

Do you know what it's like to live in hell,
Yes I do I know real well,
I hope I don't have to live here long,
This is why I wrote this song,
The people here are fucking dumb,
A bunch of crack heads whores and bums,
Drugs and shootings and stabbings too,
If you blink there gonna kill you

I hate this town, hope it burns to the ground,
I hate my town, lets burn it down,
Burn it down mother fuckers
