Revolt! look back at what you've done  
Revolt! did you have your fun  
Revolt! now we see your lies  
Revolt! because we've opened our eyes  
You call it an inserextion  
We call it are revolution

Revolt

Revolt! our day has come  
Revolt! send them one the run  
Revolt! the last 4 years have been hell  
Revolt! America's been under your spell  
You call it an inserextion  
We call it are revolution

Revolt

Revolt! so many people have been killed  
Revolt! too much blood has been spilled  
Revolt! we'll do whatever it takes  
Revolt! to see your head on a stake  
You call it an inserextion  
We call it are revolution

Revolt
