THE WORDS they said enough  
They had enough

Let me take you on a dance through life  
Consider this - CONSIDER ME  
The life in you eyes - The joy I despise

When a river runs around US  
Then time will come in disguise  
Although my wings are too sharpened  
Not to LOSE YOU  
I'll walk the shores in excile - AN ALLEGIANCE; kicked  
and bruised

Just to give me you

I'll walk the shores in excile - Although I know it will take  
a while  
Consider this - consider me HEAVEN WILL HAVE TO  
WAIT

I'm trying to find the keys not to live in dreams  
Cause that's THE ESSENCE OF OUR EXISTENCE  
Just to give me you
