See now how I am
Care for no-one
Don't give a damn
Dive in
To my mind
Search for some emotion you can't find
Feel numb
No pain
I'm lost
Won't you take my hand?
Remember what you said
What we planned
Can't you
Forget my name?
Some things change, you'll stay the same
Feel numb
No pain
I'm lost
And I've changed
{Solos}
Dive into my mind
Search for some emotion you can't find
Feel numb
No pain
I'm lost
Feel numb
No pain
I'm lost
And I've changed.....
