I'll meet you where the earth meets the sun
And the weather is warm because
The scene just seems so much nicer
Way out there

You've got nothing to lose
I've got nothing to prove
Except a love for someone
Just like you

You've got skyrise buildings and a place to call your
own
The downtown city life compliments your closet full of
clothes
With your shades and your shoes and trendy to do's
You'll hit the sidewalks, the best stores and restaraunts
Looking for something new.

Oh don't you worry,
Just smile and do your thing girl
Cause I'm on my way out and I'll be there
In the morning

Come on! Come on! I'll keep running til' I burn out the
sun
I'll find my way, yes I'll be damn sure to find my way

You've got skyrise buildings and a place to call your
own
The downtown city life compliments your closet full of
clothes
With your shades and your shoes and trendy to do's
You'll hit the sidewalks, the best stores and restaraunts
Looking for something new.

Come on! Come on! We'll keep running til' we burn out
the sun, sun
And make our way down every street til' we get back
home.

Come on! Come on! We'll keep running til' we burn out
the sun, sun

And make our way down every street til' we get back
home.
