Verse 1:

It's this little world that keeps me awake at night
It's this little world that keeps me down, don't let me fly
It's a heartache not a heartbreak now

I try to hide my head
I disappear from the secrets that hurt me
Don't know anymore
What do, where to be?
Where to run, who to see
And I try so hard to
Find my white flag
But I know,

I lost this war, today.

Chorus:

Oh everyone deserves a happy ending
Oh when everyone you know is halfway there
You run but don't mean it
You look but don't see it
Or is it that you just don't care
[Don't care] x2

Verse 2:

You try to face the world,
You look away and your gone.
If you, if you try to hide,
If you try to cry alone,
We'll be there, we'll be there
Well, I try to be
I try to see, try to hide
Try to be who I am inside
And I notice, don't you know this, i

I when everyone tries to protect you,
they hide you away,
when you just want the truth.

Chorus:

Because, everyone deserves a happy ending
Oh everyone you know is nearly there
It's a great place to be if only you could see
Yeah well everyone deserves a happy ending
[Except me] x3
