Researcher #1: What's new?

Researcher #2: Oh, I never said. The blood analysis came back from the lab - most of

It was from a lion, but some of it was from a bat.

Hail Mary Mallon: Hey, what's up dude, want a Sun Chip!

Deepthroat: Fuck you, Hail Mary Mallon! FUCK YOU!

Hail Mary Mallon: *Blubbering*...

Deepthroat: *Laughing*

[Aesop Rock]

Bucket-seater theater sucks, I duck and weave

Riddle of the pixelated ticker taking prisoners and a number please

Name and occupation: Aes, I twiddle thumbs with underlings

Orange eyes, head shrunk, age: a million, sex: drugs

Barrel in escorted by a chorus line of bedbugs

Low-tech dreck from his neck of the cement woods

We come in pieces under siege and unwilling

Kicking and screaming, creatures summoned to the feet of the city

As the parking ticketed guilty, beetlejuice in the waiting room

Ogling this bird who put the Double D in 'Day of Doom'

Personal space invader dais, pay-to-play-to-lose

And you can see a sitting duck grow up into a baying wolf

Live

Teller Number 7 looking weathered

Like a decade in a glass box yelling shook her feathers

Utter "Unto thee I surrender mine flesh!"

She said "Put the yellow sticker on your fender - Next!"

Interlude of animal noises

[Rob Sonic]

Gotta fly in the morning

Better pack a potato

Raging bull mad truck never bagging the rain kill

Curse of the slango feather take it and late rope
Double Jack drink, 6 minutes till gate close
Excuse me dougie fresh, I'm lost
Part bad, rabble the raffle, arrest off
Dial it down, know where the ghost of the great flood
With his styrofoam finger making it rain wounds
Take down bang-job taking a blank check, and
I'm buff slim-jim, drinks, and John Lennon
Uncle Bobby blast-it and back at the wrong wedding
Cause I came for the food but I stayed for the prom
Dresses!
One block heavy, it's gonna be \$6.80
No-cheating tempers go hunting with Dick Cheney
Slowly let the dogs out quicker than finish Halo
That all-black tips is picking the winnebago

Researcher 3: You see, we're being attacked by a
creature from the future...
