

Morgul "Empty"

Visit "[Empty](#)" on MotoLyrics.com

We all sit down
And we're empty in our heads and in our hearts
And we speak, but no one understands, no one cares

Cause I hate you all
And I wish I was gone
I want to disappear

So we try to make sense, but we're hollow and unpure
We turn into lifeless shells and I don't care anymore

Cause I hate you all
And I wish I was dead,
Why won't you fucking disappear?

Cause I hate you all
And I wish I was gone
I wanna disappear
And I wish I was dead
I wanna be fucking dead
I wanna just fucking disappear

We all spoke the same words
And the same thoughts kept coming back,
I wanted to understand, but now I can't take it anymore

Cause I hate you all
And I wish I was gone
I want to disappear
