[Music: J. Johansson / Lyrics: J. Johansson]

Arouse thy crew  
In sense of frustration  
Our dragonships are near  
Run up the sails  
To avoid destruction  
Thy time has come, We're here!

Face to face, thy destiny  
We've lit all the torches  
And shortly you will be...

Baptized in fire  
Baptized in fire  
With a violent rage

We hail thy ships  
To strike with fire  
Soon the bodies comes to burn  
We'll never cease  
Before you're gone into  
The sea without return

Face to face, thy destiny  
The battle is over  
And you're the one to be...

Baptized in fire...
