[Music: J. Johansson / Lyrics: J. Johansson]

There is a war, to know for sure  
Religion's what they're fighting for  
It's hard to see news on T.V.  
Screaming bodies all around

Dark reflections is spread in my mind  
Sometimes it's easier to be blind

I have some dreams and violent scenes  
From the visions that I've seen  
I can't control myself asleep  
At night they fight inside my head

Now it's time to live and forget  
The drearied dreams I have in my back

Leaving the dreams far behind  
Forget the past and erase my mind  
So leave it all behind  
Leaving the dreams far behind  
Before I am confined to this mind  
So leave it all behind

I have to cease to think about the scenes  
Please set me free,  
To be excused from all of the dreams

There is a war...

Dark reflections...

Leaving the dreams far behind...
