\*Hey, little girl  
I saw you walking down the street, little girl I thought  
Iâ'd run just to say hi, little girl  
Would you mind if I just walk along for a little while, I  
won't be long

Say, little girl  
I know it's crazy but I couldn't resist  
Just had to be sure that you really exist tell me you're  
the one, the girl I dream of tell me you're the one, the  
reason I live for

\*Please, little girl  
Don't walk away, don't leave me lonely behind it's taken  
me dreams and dreams to finally find  
Someone who's the one Iâ've always dreamed of  
someone who's the one, the reason I live for

Yes, little girl  
Just take my hand, let's keep on walking around  
It's just so good to feel, I finally found you tell me  
you're the one, the girl I dream of tell me you're the  
one, the reason I live for

(Solo - twice - to - \* - twice)

Bye, little girl  
Just saw you walking down the street, little girl  
Just thought Iâ'd run to say simply.. Hi, little girl I guess  
you're not the one, the girl I dream of someone who's  
the one, a reason to live for

Bye, bye
