Kimera

Come forth...

My furious anger and incessant hate

Erupting...

Invective towards you weakling

Arising in dark vapour, I'm becoming one with night

To dissolve your enfeebled kingdom

I'm invincible with the tempered steel, reduction you
will feel

Infernal rapture fills me, sucked into the realm of
hatred

When you weep those tears of blood

My veins are cold as ice, delectable desires

Behold evil desires of laceration

The resistance is forever vain, feel my unchallenged
power

I scorn with mischief:

Life shall vanish disinclined to arise

Darkness saviour scald upon your soul

The shadow of the serpent sweeps over the ground

Your slattern divides the trembling darkness within

The darkness within...

Human...you can't resist your overlord

Deformed beyond the red coloured fluid, forever we
shall... ledge
