Drifting
All of this time
Just to be near you
Closing my eyes
Eleven kisses
On the tongue of prayer
And I can find you
Anywhere
I wrap myself
In song for you
You've heard them all
There's nothing new
I want to feel that you feel
That I love you
I love you
Drifting
All of this time
(Don't want to wait so long)
Just to be near you
Closing my eyes
(And now to feel your love for me)
Drifting
All of this time
Just to be near you
Closing my eyes
I whirl in moonlight
As you dance
You spiral upward
Taking chance
The road so far
Has been for me
Reflections in this melody
I want to feel that you feel
That I love you
I love you
Drifting
All of this time
(Don't want to wait so long)
Just to be near you
(You bring me higher baby)
Closing my eyes
Drifting

All of this time
(You would be so beautiful)
Just to be near you
Closing my eyes
Your beauty fills me
That indeed I cried
Cried, cried, Oooh
Drifting
All of this time
Just to be near you
Closing my eyes
Drifting
All of this time
(don't want to wait so long)
Just to be near you
Closing my eyes
(Don't want to wait)
(Don't want to drift so long)
(So long)
