I lost you because of truth
Don't try anymore
It's all that guilt that's in your eyes
Gripping so long with sad goodbyes
Don't hide anymore
Judgement has no place near me
As far as I can see
You a struggling angel with one missing wing
(Chorus)
Just like you
Did you ever catch my fall
(just like me)
Why did you wait so long?
Difference is a sad affair
When there's so much love to share
Been so long
Since last we spoke
Sometimes silence brings new song
You must have known that silence
Would bring a child guidance
Quicker than you could speak
No gittyness in my heart
Must have been a plan from the start
I'm a struggling angel with one missing wing
(Chorus)
Could you ever think of that?
(just like me)
Oh so much more than fair
Every living thing must breathe
Eternal love will set you free
We were together
We were together
I see the life of a lasting
Signal in the sky
Reminds me of all i have to do
While I'm alive
Give to live and not to get
Until the day i say
"there's no one like you in my life"
(Chorus)
Could you ever think of that?
(just like me)

Oh so much more than fair
Every living thing must breathe
Eternal love will set us free
-Chorus out-
