Sweet, sweet lemonade
Around the corner I wait
For you start the flashlight
Up and down your blue shade

No one knows our hands flow
Now we're making rainbows
Fell into it, now I'm in it
This is what my soul knows

Oooh When I love you
Street lamps turn to treetops
Reaching for the sky
Oooh When I love you
Traffic turns to horses
And they're runnin' wild

Soft eye, strong thigh
Sipping on a milkshake
Just a minute, put me in it
Now you know it tastes great

Elevate me, re-create
A place so far away from here
I'm giving, everything I feel dear

Oooh When I love you
Street lamps turn to treetops
Reaching for the sky
Oooh When I love you
Traffic turns to horses
And they're runnin' wild

(oooh)

(ohhh)

(ahhh)

Everything we give babe
Is everything we feel

Anytime you sigh babe
I will appear

Ooh When I love you
Street lamps turn to treetops
Reaching for the sky
Ooh When I love you
Subways turn into a magic carpet ride
Ooh When I love you
All the dreams I forgot
Come back to my mind
Ooh When I love you
Traffic turns to horses
And they're runnin' wild
