I was getting pretty drunk so we went to the court
We brought a basketball and beer of all sorts
Just not enough that I would or could
We're just a buncha punks from the neighborhood

All my friends were there
All my friends were there

Asked a couple kids if they wanted a match
They were only 13 but they kicked some ass
Shufflin' and dancin' on the summer ground
But all that I could hear was a beautiful sound

All my friends were there
All my friends were there

We had a boom box boomin' at the top of the tape
Wearing LA Gear's with the PMA
With the K-A-K of David Lee Roth
And a beautiful day for some Ghetto songs

All my friends were there
All my friends were there
