

Morning Glory "Beyond A.D."

Skies of grey
Mind of blue
Drugged and chained
Turning blue

Burning crosses
Jesus' losses
Doomed to a world of
Lesser love

Beyond a.d.
Under skies
Clear and warm
Beyond pain
Beyond scorn

We could be free
Far from me
It may seem
Until then
I can dream

A thousand years-
We can't conceive
All this now
Will mean nothing
I had a vision
We crossed the american plains
Out of reach
Of acid rains
