I'm shedding darkness like a hood  
winter is fading and it's good  
i'm burning down the avenue  
nothing is real but this feels true

all this time  
i was sleeping  
now i'm awake  
sun is peaking  
summerburst  
new adventure  
waking up  
break indenture

United!

i'm fueled by nitrous in my heart  
i'll leave the ashes at the start  
i'm fueled by hope of things to come  
i'm fuckin' negative  
& that's why i've begun  
so.....

all this time  
i was sleeping  
now i'm awake  
sun is peaking  
summerburst  
new adventure  
waking up

all this time  
i was sleeping  
now i'm awake  
sun is peaking  
summerburst  
new adventure  
waking up  
break indenture
