We wait, above a road.  
And we're turning to go home.  
The silence from the side of the car  
tells me everything and how we are.  
Cuz there's no more trying to make this so right.  
There's no more trying tonight.  
And you know its not so easy when your all alone.  
And I wonder if im alone in your head.  
I know something is wrong  
but I just don't know what to do.  
You say its only me  
and that im so perfect for you.  
I don't want to try no more,  
I don't want to make this right.  
I just want you to be true to me one time.  
And I know it's not so easy  
when you're all alone.  
And I wonder if im alone in your head.  
Twelves days gone by since I saw you last  
I'll give this one more try.  
I'll give it all my best  
and I'll ask what could you be doing that is so much  
fun,  
without me by your side.  
Without me by your side.  
And I would take a step back  
and I'll let you ahead  
and I will take a step away  
and see if you come back  
because there's no more trying to make this so right.  
There's no more trying, no more trying tonight.  
We will never be the same,  
we will never be the same,  
we will never be the same  
until your done.
