I'm looking for some action  
where ever i can buy it  
watch it  
award its' sadder truth  
we're in a youthful shootout  
are your darlings safe at the harbor?  
or do they bring guns to play?

there is no reason to wait for fire  
only the seasons to breathe in fire  
only the seasons of "off with their heads"

im looking for some sanction  
marching the roads with an idea  
idea for some change  
but broke for the time being  
this mark means the ends  
will you build it up to burn?

that is not who i am  
i'm a better man  
with a better thought  
thought i never fought to be
