I've been building blocks since I was a baby
I've been putin up bricks since I was a kid
When I'm kissing I want to see over your shoulder
You said nobody showed but I know that I did.

And I want it and I need it
And I love it cause it is my own life
And I want it what keeps you satisfied
And i need it I like to think of our lifes as a movie
To bad I can't think outside of the box
Sometimes I think in extra colors
And I can only hear it when it talks

And I want it and I need
And I love cause it is my own world
And I want it what keeps you satisfied
And I need it fillin you with love
Cause it is my own life and
No one can take it from me
