I will come back again
I
I will come back again
And
This time will be much better
This time will be much better
(2x)

The gods speak with golden tongues
It all means the same to me
Liquid under my skin
Liquid under my skin
It all feels the same to me
I don't ever want to go back to the way I was before
I don't ever want to go back to the way I was before

I will come back again
I
I will come back again
And
This time will be much better
This time will be much better
(2x)

You can let the stars hang down
It all looks the same to me
Thank the seizures,
Drink the wine that I serve
It all tastes the same to me
I don't ever want to go back to the way I was before
I don't ever want to go back to the way I was before

I will come back again
I
I will come back again
And
This time will be much better
This time will be much better
(4x)
