The devil's in your eyes
Don't you see?
Mistaken for blindness
Don't you see?

Madness seems so normal when you're the only one in
the room thinking
Madness seems so normal when you're the only one in
the room feeling

Follow me
Into a state of slow relief
Everything
Everything you once believed,
It's not true, so
(2x)

All you hear are noises when the
Room is dark
And the loudness of the voices that are
In your head

Madness seems so normal when you're the only one in
the room feeling
Madness seems so normal when you're the only one in
the room feeling

Follow me
Into a state of slow relief
Everything
Everything you once believed,
It's not true, so
(2x)

Madness seems so normal when you're the only one in
the room feeling
Madness seems so normal when you're the only one in
the room feeling
Madness seems so normal when you're the only one in
the room feeling
Madness seems so normal when you're the only one in
the room feeling
