"When I Wake"

I am lying
by your tombstone, baby
let's separate the ground in between
is the fate of an angel
in the hand of angles
sharp pointed and rusted
just like the ones who loved her but failed?
let the light pour
across my face
and blind me
so i can see
when i wake
i am sleeping
right beneath you, darling
i heard every word you said
with both hands i am peeling
away at the ceiling
of a place visited too soon
i am screaming out
oh, love
please don't wake up now!
let the light our
across my face
and blind me
so i can see
when i wake
