Like a mirror I'm nothing. I'm nothing. I'm nothing till  
you look at me.

I'm like a mirror. I'm like a mirror. I'm nothing till you  
look at me.

I'm like a mirror. I'm like a mirror. I'm nothing till you  
look at me.

I'm like a mirror. I'm like a mirror. I'm nothing till you  
look at me.

Martha Lee.

Leave your world, come to me. I'm closer to you than I  
seem.

Wish upon this melody and come to me Martha Lee.

Leave your world and join me soon. Leave your world  
behind.

You can take the Saturn Line. In no time, no time.

I know a ship that's leaving soon. Oh, in fact this  
afternoon.

So don't forget your parachute. I'll be there to catch  
you.

And you my future constellation. Climb up here in the  
sky with me.

Leave your world and come to me. I'm closer to you  
than I seem.

Oh, wish upon this melody and come to me. Come to  
me.

Leave your world and join me soon. Martha Lee. Martha  
Lee.

I know a ship that's leaving soon. In fact this very  
afternoon.

So don't forget your parachute and I'll be there to catch  
you.

I'm like a mirror. I'm like a mirror. I'm nothing till you  
look at me.

I'm like a mirror. I'm like a mirror. I'm nothing till you  
look at me.
