You want to begin again. Pretend you're innocent.
If you believe, you can convince yourself. I'm sure you
can convince yourself.

This town never gave you much back. Just rumors and a
whispering attack.
This town is not your friend. Never mind the loose
ends.

Take me with you when you go now. Don't leave me
alone.
I can't live without you. Take me with you, take me with
you when you go.

And I don't care about the things I leave at home.
Cause things can't really keep you company when
you're alone now.

You want to burn your bridges? I'll help you start the
fire.
You want to disappear? I got the manual right here.
You say you want my help? I can't help myself.
You want my help? I can't help myself.

Take me with you when you go now. (take me with you
take me with you)
Don't leave me alone. (don't leave me alone)
I can't live without you. Take me with you, take me with
you when you go.

Take me with you when you go now. (take me with you
take me with you)
Don't leave me alone. (don't leave me alone)
I can't live without you. Take me with you, take me with
you when you go. Ahh.
(take me with you take me with you)

You want to begin again. Pretend you're innocent.
If you believe. You can convince yourself, I'm sure.
You can convince yourself.

Take me with you when you go now. (take me with you
take me with you)
Don't leave me alone. (don't leave me alone)
I can't live without you. Take me with you, take me with
you when you go. Ahh.
Take me with you when you go now
