Lord,
Let me find heaven
Let me find peace of mind
Help me find love again, love for the first time

Make me feel once again
Let me be part again
Of the world we live in

Lord,
Help me find someone
Let me share all I have
Let me love while I can, someone who needs me

Someone to hold my hand
Someone to be my friend
(Woman) to understand and.....

Say.. Yes, we've found heaven
Right here down where we are
A place full of happiness and...
Love
