She's my girl  
When the sun goes down  
When the moon comes up  
When the light is off

She's my friend  
When I need a friend  
When I want her love... I can have it

Ooh! We've got everything we need (we need)  
We share everything we have  
We have sadness and happiness... Oh! Darling

Ooh! We cry and laugh everytime (everytime)  
We love all the love we feel  
And we feel all the love we make

Na na na na na na A...

She's my girl  
When the sun goes down  
When the moon comes up  
When the light is off

She's my woman  
When I need a woman  
When my body is asking...  
We can love

Ooh! We've got everything we need (we need)  
We share everything we have  
We have sadness and happiness... Oh! Darling

Ooh! We cry and laugh everytime (everytime)  
We love all the love we feel  
And we feel all the love we make

Na na na na na na A...

She's my girl A...
