stepped inside this depth of a dive  
with nothing but my vreath and this rep that im riding  
check around the room 2 get a fresh look  
most these names already in the guest book

so im gonna sit on my stool and sip solo  
the mising half of stack of ripped photos  
if she dont know so, the odds of blowing up  
watch the word work, the gods r growing up

i never had trouble with the lovable  
walk down that hill and fuck all the buffalo

and by the time i get done with the small town  
ashes of bridges and all the walls fall down  
siting in the middle of dialouge  
i know im not the brightest star  
otherwise i'd probably b 1 foot out the front enterence

b4 1 sentence even starts breating im leaving  
dont need another reason 2 carry guilt  
but she got a fair grill and she very built  
plus i like her smile and her eyes r wild  
should i try 2 aspire u 2 write my style  
hold up- u cant take every 20 something back 2 the lab  
just 2 jelly up her belly button  
No thank u my name is sean here's a dollar 4 the  
jukebox- go play my song

cause this type of shit happens every day

we all go 2 heaven even enimies stay  
u beter stay in ur place where the memories play  
im just trying 2 live life cool- morris day

im on the B L O C laying low key  
hair getting braided whilst im talking 2 the homie  
old G standing in the corner not talking  
the little homies sister wanna borrow my walkman

its fron yard polotics we talk alot of shit  
who we wanna fight broads that were trying 2 hit

then we back posted up 4 a few hours more  
now the homeboy cousin bring his ass down stairs  
tryin 2 spark some convo but dont know body cares  
neither life or a square im not even looking

no respect on the block cos he mark n a hoodie  
and i know this fool gonna say something sideways  
the homeboy just start him out last friday  
20 years old getting puncked every friday  
think that he hard cause he dips on the YA?  
my move dont play no time 4 disussion  
take ya ass in the house fool dont say nothin  
as he walked up the staris heard him cry through the  
screen door

sucker ass chump what he tryin 2 make a scene 4  
know that he heard me cause the window was open  
so we talked even louder  
and kept on jokin
