Biting my initials into your neck
You are my possession, you don't realise yet
Am I moving too fast for you?
Am I beginning to confuse you?

Action is my middle name
I can't waste time any more
Everybody has a date with an undertaker
A date that they cannot break

Tongue against tongue and we've only just begun
Could I interest you in hours of fun?
Am I moving too fast for you?
Am I beginning to confuse you?

Action is my middle name
I can't waste time any more
Everybody has a date with an undertaker
A date that they cannot break

Am I moving too fast? Am I moving too fast? Am I
moving too fast for you?

Action is my middle name
I can't waste time any more
Everybody has a date with an undertaker
A date that they cannot break

Action is my middle name
I can't waste time any more
La da da da...
