Run, run young man, through the glen  
Run young woman, through the glen  
See if I care, see if I care, see if I care  
See if I care, see if I care, see if I care

If you don't like me, then don't look at me  
There must be somebody else who can take your gaze  
a ways  
If you don't like me, then don't look at me  
There must be somebody else who can take your gaze  
a ways

Run, run young man, through the glen  
Run young woman, through the glen  
And see if I care, see if I care, see if I care  
See if I care, see if I care, see if I care

If you don't like me, then don't look at me  
There must be somebody else who can take your gaze  
a ways  
If you don't like me, then don't look at me  
There must be somebody else who can take your gaze  
a ways  
A ways, a ways, a ways, a ways

If you don't want me, you don't have to have me  
I just thought you might feel the same, that's all  
If you don't want me, you don't have to have me  
I just thought you might feel the same, that's all  
That's all, that's all, that's all, that's all, that's all
