Dear hero imprisoned
with all the new crimes that you are perfecting
oh I can't help quoting you
cuz everything that you say rings true
And now in my cell well I followed you
and here's a list of who I slew
Rggie Kray- do you know my name?
please don't say you don't- please say you do

I am the last of the famous... international playboys
international playboys
the last of the famous...
international playboys

And in my cell well I loved you
and every man has a job to do
Ronnie Kray- do you know my face?
please say you do- please say you don't

I am the last of the famous...
international playboys
the last of the famous...
international playboys

In our lifetime those who kill
the newsworld hands them stardom
and these are the ways upon which i raised
these are the ways upon which I was raised
these are the ways oh,
I never wanted to kill, I am not naturally evil
Such things I do just to make myself more attractive to
you
Have I failed?
Oh, no, yeah... no no yeah yeah...

I am the last of the famous international playboys
international playboys
the last of the famous...
international playboys
