David, the wind blows  
The wind blows ...  
Bits of your life away  
Your friends all say ...  
"where is our boy ? aah, we've lost our boy"  
But they should know  
Where you've gone  
Because again and again you've explained  
You're going to ...

Oh, that you're going to ...  
Oh, yeah, yeah, yeah, yeah  
England for the english !  
England for the english !  
David, the winds blow  
The winds blow ...  
All of my dreams away  
And I still say :  
"where is our boy ? ah, I've lost our boy"  
But I should know  
Where you've gone  
Because again and again you've explained  
You've gone to the ...  
National, oh ...  
To the national ..  
There's a country; you don't live there  
But one day you would like to  
And if you show them what you're made of ...  
David, we wonder  
We wonder if the thunder  
Is ever really gonna begin  
Oh, begin, oh, begin  
Your mom says :  
"i've lost my boy"  
But she should know  
Where you've gone  
Because again and again you've explained  
You've gone to the :  
National  
To the national  
To the national ... ah ...  
Because you want the day to come sooner

You want the day to come sooner  
You want the day to come sooner  
Oh ...  
We might release that as a single ... do you think it  
would be a hit ?  
Crowd answer : no!  
Er ... what ?
