With the world's fate
Resting on your shoulder
You're gonna need
Someone on your side

You cannot do it by yourself
Any longer
You're gonna need
Someone on your side
Someone kindly told me
That you collected, oh
Very sharp bread knives
Oh, give yourself a break
Before you break down
You're gonna need someone on your side
And here I am
And here I am
Oh, well, you don't need
To look so pleased !
Day or night,
Oh, there is no difference
You're gonna need someone on your side
Day or night,
There is no difference
You're gonna need someone soon
And here I am
And here I am
Oh well, you don't need
To look so clean !
