You've got a break-neck schedule,  
thank you for your time.  
A quick, candid interview,  
if you would be so kind.  
Answers to burning questions,  
the public wants to know -  
What makes a man so infamous?  
What fuels Vilan Corp?

Do you deny you have masterminded  
and funded wars, with astronomical sums?  
Ah, those were your bombs.  
...and can you deny you've somehow rationalized  
profit - at the cost of life?

Your wave is tidal, your intellect: gargantuan,  
your menace: vital, your logic: labyrinthian.

What's in store for Villain Corp.?  
Will your empire fall?  
Will your empire soar?,  
Your genius, maniacal, it's no mystery,  
how you have feigned the 'savior', when you're the  
enemy.

Your method: brutal, your crimes: unspeakable,  
your power curves exponential, but your height is  
reachable.

If you could do what you want, would you do what you  
want?  
Tell the truth, your secret's safe with me, they say it  
sets you free.

Your wave is tidal, your intellect: gargantuan,  
your power's vital, yet there's something, you don't  
seem to understand.  
Your wave is tidal but ocean will overcome,  
and your intellect will fade like the setting sun.  
Maybe your power will hold, but how long can you  
stand?,

stripped of empire, beneath you're just a frightened  
man.

Villain Corp., Super Villain Corp.
