[feat. Alana Aldea]

Beautiful destruction  
My favourite enemy  
A sweet seduction  
You take everything

Your deception  
A distant memory  
Your reflection  
Consumed all of me

All of me  
All of me

Beautiful destruction  
My favourite enemy  
A sweet seduction  
You take everything

Your deception  
A distant memory  
Your reflection  
Consumed all of me

All of me  
All of me

Take me  
Break me  
I can't leave

Take me  
Break me  
I can't leave
