Rise rotten corpses from your graves and meet Him in
the sky. Leave life's
burdens behind. I want to die. Take my life. I want to die
to be alive. I
can't take this life, living in this lie. Come take me away
with you
tonight. Come take me away with you to die. Lord
sacrifice me to bring you
glory. Take me. Make me a warrior. I have stood your
test. If I can't go
home with you, I will stand and fight. I've been through
hell and back. I
know you are the only way to life. Look in my eye and
see the way to freedom
is through the Son. Take His hand. He will save you
from your casket life.
Your church can be your casket.
