Morten Abel - Detonate (In the arms of my baby)

If you get egoistical  
Have you read Agatha Christie?  
Do you like a conversation?  
Suffer dehydration?  
Psychiatry, twisted emotion?  
After life might be a fish in the ocean  
Sun dried body of mine on the balcony  
Feels like an Edgar suit on me

I take a shower I take a shave  
I wanna look good in the arms of my baby  
I put something on that makes me sweet smelling  
'Cos where I'm gonna operate I want the bomb to  
detonate

Yeah yeah yeah  
Shubi shubi shubi bo bo

I am a motor and I need gasoline  
Refineries make for me what I need  
My periscope penetrates the surface  
To all the hidden secrets  
Don't you ever be less than a Titan

I take a shower I take a shave  
I wanna look good in the arms of my baby  
I put something on that makes me sweet smelling  
'Cos where I'm gonna operate I want the bomb to  
detonate

Yeah yeah yeah  
Shubi shubi shubi bo bo
