Morten Abel - Inparticular

Yohoo....

Inparticular, Inparticular, Inparticular , Inparticular
Inparticular, Inparticular, Inparticular , Inparticular

Yohoo...

Inparticular, Inparticular, Inparticular , Inparticular
Inparticular, Inparticular, Inparticular , Inparticular

I was walking down the sunny street on a Wednesday
afternoon

And I thought about my life and that I had to sort it out
soon

All my friends and neighbours they go to work every
day and get paid

Do I have to feel embarrassed when I think of what I've
done today?

Nothing inparticular, Nothing inparticular

Nothing inparticular, Nothing inparticular

I was up around 11 because there was someone at the
door

And it took a lot of my energy as I live on the second
floor

I watched a bit of TV, read a magazine, made a pot of
tea

And just let the day go by by doing, nothing really

Baby I love you and you don't have to lift a finger

Cause you're tired and you need a little rest

Baby I love you 'cause I've got myself a winner

They will come and go, but you will always be the best

Nothing inparticular hey, Nothing inparticular hey

Nothing inparticular hey, Nothing inparticular hey

I get out of bed if the sun shines

I've got all the time in the world
Time is not elastic, but I go when it is my turn
I don't wanna run around in the mist and the dawn of
the doom
If it's rainy outside, I'll stay in my boom, yeah
It's a social democratic deadly street we're walking
down
And I respect that you are, but I am not a clown
So I don't want to stress to be the best last of the
contest
Now I've got a life to live, so I put my ambitions to rest

Baby I love you and you don't have to lift a finger
Cause you're tired and you need a little rest
Baby I love you 'cause I've got myself a winner
They will come and go, but you will always be the best

Hey, go and get your mail and tip out and read it

Baby I love you and you don't have to lift a finger
Cause you're tired and you need a little rest
Baby I love you 'cause I've got myself a winner
They will come and go, but you will always be the best

Inparticular, Inparticular, Inparticular , Inparticular
