Title : Out of flames

-----  
I go to sleep and dream about me  
I'm giving you wealth and luxury  
I'm giving you shelter  
Safety

I go to sleep and dream about me  
I'm giving you confidence and rushing  
your outer lessons and protecting your innocence  
You're getting my influence

-[Can't hear the words here]  
I'm your experience  
And go to sleep and dream about me

You're getting undressed  
I'm kissing your breasts  
I'm doing it the best  
And the end to your loneliness

Give it to me, don't be shy  
I will be your total guidance tonight  
You can ask the questions you like  
Talk to me, I am listening

And everybody knows where I come from  
-Out of flames  
Everybody knows my name

How can you deny my existence?  
How can you ignore me?  
When I am who I wanna be

I ain't hangin' in no cross  
I'm hanging in no cross  
But I would die, I would die  
I would die, die, die, die, die for us

I'm not gonna tear you apart  
I'm a man with a lonely heart

But give it to me, don't be shy  
I will be your total guidance tonight  
You can ask the questions you like  
Talk to me, I am listening.

And everybody knows where I come from  
- Out of flames  
Everybody knows my name

Out of flames... (yeah)

And everybody knows my name

Yeah, out of flames.. Give it to me now, now

Give it to me now. Give it to me now

Out of flames...

nanananana nananananana (continous)
