Title: Such a pain

It hurts so bad to see you cry
Everytime we meet it ends in tears
Maybe we shouldn't get together
Maybe we shouldn't get together
For a whileâ€¦â€¦

So she said what if I fall over dead
Then whos's gonna sleep in your bed?
Now that's such a stupid thing to say
How can I with a strange face answering that?

Wow she said: what if I fall over dead
Then whos's gonna sleep in your bed?

Every now and again baby
You're such a pain in the ass
So please don't start again
You know it's gonna break your heart
You know it's gonna break your heart

I have a much better idea
We go for a ride to the countryside
The weather is so nice, so put on a smile
And wave to the crows, no how about that?

But hey! It's a beautiful day,
And I want to feel the sunshine on my faceâ€¦

But hey! It's a beautiful day,
And I want to feel the sunshine on my faceâ€¦
Every now and again baby
You're such a pain in the ass
So please don't start again
You know it's gonna break your heart
You know it's gonna break your heart

But hey! It's a beautiful day,

And I want to feel the sunshine on my face

Every now and again..

Crosseyed sulphur side
Don't kill the spider
Out on Byron and Babylon
Crosseyed sulphur side
Shattered and shattered
In the dark of the night
Good bye innocence
Put more make-up on
You're a big girl now
Make me feel old
Tonight's the night
Nice one, baby
Light a fire
Light a fire
